

Canteen

Now that Lord Foster's development has opened beside Spitalfields Market (www.visitspitalfields.com), sharp-suited City traders, and the art-and-fashion crowd of Fournier Street and around, are dining at the development's classy new eaterie, Canteen. British dishes with a modern twist, including baked beans and five varieties of roast dinner (pre-booking required), are served from 11am-11pm.

There is a healthy and heavy emphasis on the use of seasonal and local produce. The whole area has become something of a 'good British food' ghetto, with the excellent St John Bread & Wine (T 7247 8724) round the corner. Canteen's design is a wonderful hybrid of updated British transport café and American diner. *2 Crispin Place, E1, T 0845 686 1122, www.canteen.co.uk*
